## **Newsletter - 1<sup>st</sup> Quarter**

**April to June 2023**

Dear friends and supporters,

As we embark on a new fiscal year, we are delighted to share the latest updates and accomplishments from our ongoing programs. This quarter has been particularly remarkable for the Veerni Institute, as we witnessed the long-awaited realization of a dream - the acquisition of a piece of land. It was an extraordinary and historic moment for all of us, signifying a significant milestone in our journey. The Veerni family was honored to have Mrs. Jacqueline de Chollet grace us with her presence during the land inauguration ceremony, adding to the joy and significance of the occasion.

In addition to this momentous event, the past quarter was also marked by the annual exams conducted for all the classes at Veerni Institute. We are thrilled to announce that the results were exceptional, with our girls achieving outstanding scores and securing a high percentage in their examinations. Their remarkable performance is a testament to their hard work, perseverance, and the nurturing environment provided by the Veerni Institute.

Looking ahead to the academic year of 2023-2024, we have already begun the process of enrolling new girls into the Veerni Institute. Entrance tests were conducted to identify deserving candidates who will benefit from the transformative education and support offered by our institution. Furthermore, a new academic session was initiated during this quarter, allowing the girls to commence their studies before embarking on a well-deserved summer vacation starting May 14th.

On behalf of the entire Veerni family, we extend our heartfelt congratulations to our girls for their outstanding achievements in clearing their annual exams. Their dedication, perseverance, and hard work have not only brought immense joy to their parents but have also inspired the Veerni staff and donors of the Veerni Project. We are immensely proud of their accomplishments and remain committed to empowering more young girls to reach their full potential.

With gratitude and determination,

(Mahendra Sharma)  
Chief Functionary  
Veerni Sansthan

Date: 09.07.2023

### **Annual Examinations for all classes:**

During this quarter, the Veerni girls underwent their annual examinations, marking an important milestone in their academic journey. The exams commenced in mid-March and concluded in April, allowing our students to demonstrate their knowledge and skills across various subjects. For the board classes, namely classes 8, 10, and 12, the state education board allocated examination centers. To ensure a smooth process, the Veerni girls were transported to their designated centers via buses arranged by the schools' management. In parallel, the non-board classes (3, 6, 7, 9, and 11) conducted their exams at their respective schools, namely Modern Senior Secondary School and The Saviour's Academy Sec. School. These arrangements allowed the girls to take their exams in a familiar and comfortable environment.

Throughout this examination period, our dedicated staff at Veerni Institute provided continuous support and guidance to the girls, fostering an atmosphere of encouragement and motivation. We commend the girls for their diligence and perseverance in preparing for these crucial assessments.

### **Result for the academic year 2022-2023**

**Class-wise result of Veerni Institute and Veerni Balika:** The results for Veerni Institute and Veerni Balika for the academic year 2022-2023 are as follows: -

## **Entrance Test and New Admissions**

For the academic year 2022-2023, the Veerni Institute had 14 vacant seats available. However, the response from the community surpassed our expectations, with over 450 applications received from parents across various villages, all vying for those limited seats.

To ensure a fair selection process, three entrance tests were conducted on specific dates at the Veerni Institute. Following the entrance tests, 25 girls were shortlisted by the Veerni staff for further consideration. Subsequently, parents accompanied their daughters for an interview at the Veerni Institute. The purpose of this interview was to gauge the parents' level of commitment and interest in their daughters' education. During the interview, the Veerni team thoroughly explained the rules and regulations of the institute to both the parents and the girls. Out of the initial group of 25 girls, 14 were granted admission to the Veerni Institute by the Veerni staff, following a careful evaluation process.

In order to complete the enrollment procedure, the necessary academic documents were collected from the parents. The newly enrolled girls have been successfully enrolled in the Modern Senior Secondary School, and we are pleased to inform you that they have received a comprehensive school kit. This kit includes essential items such as books, school bags, notebooks, stationery, and subject-specific study materials meticulously prepared by the school.

## **Veerni's Associate School**

In light of our commitment to providing the best possible educational opportunities for our girls, the Veerni team has made an important decision for the current academic year. After careful consideration, we have chosen to send all the Veerni students to Modern Senior Secondary School. This decision is based on the school's consistently excellent academic performance over the past four years, which aligns well with the goals and aspirations of Veerni.

At Modern Senior Secondary School, the teachers have shown exceptional dedication and care toward our Veerni students. They provide special attention and support, ensuring that our girls receive the quality education they deserve. Additionally, the school actively organizes extracurricular activities on a regular basis, recognizing the importance of holistic development for our girls.

It is worth noting that during the previous academic year, Veerni was associated with The Saviour's Academy Sec. School with enrolled students in classes 3, 6 to 8. However, for the current year, the Veerni team has made the decision to shift all the classes from The Saviour's Academy Sec. School to Modern Senior Secondary School. One of the primary factors influencing this decision was the increase in the school fees requested by The Saviour's Academy Sec. School. The management of Veerni deemed the proposed 25% fee raise as inappropriate, leading to the decision to shift all our students to Modern Senior Secondary School.

This strategic move ensures that our girls continue to receive a quality education within a supportive environment that aligns with our values and financial considerations. We believe this transition will have a positive impact on the educational journey of our girls and further their overall development.

## **New Academic Session**

This year, schools have started the new academic session on April 10<sup>th</sup> for all the classes. The Veerni project coordinated with the school. The timing of classes was from 07.30 am to 12:30 pm, girls were picked up by the school bus from the Veerni Institute.

## **Distribution of School Kits:**

The school kits containing books, school bags, notebooks, stationery, and subject-wise study material have been provided to all the girls by the Veerni team.

## **Veerni Girls Welcome New Batch with Joy and Celebration**

On May 13, the new Veerni girls received a warm and festive welcome from the senior girls of the 11th standard. They were greeted with garlands and “Tilaks”, and joined in a group dance with the Veerni girls. The new girls introduced themselves and shared their interests and aspirations. They also thanked the senior girls for their hospitality and vowed to study hard and follow the Veerni rules. Veerni staff, matrons, and Mrs. Vimlesh encouraged and guided them to pursue their goals. The ceremony ended with a refreshment and a dance party for all the girls.

## **Summer Vacation:**

The Veerni girls embarked on a well-deserved summer vacation, which spanned from May 14th, 2023 to June 01st, 2023, signifying the conclusion of the academic session. This break provided the girls with an invaluable opportunity to unwind, spend quality time with their families, and recharge themselves for the upcoming academic year.

Before the girls left for their homes, the Veerni team gave them some essential items to take with them. The items included: - Delicious sweets to enjoy with their families Sanitary napkins and medicine to take care of their health and hygiene Study material to continue their learning and revision.

In line with our unwavering dedication to their continuous growth and development, Veerni went the extra mile by providing each girl with a set of summer vacation worksheets. These thoughtfully crafted worksheets were designed to reinforce the subjects covered during the month-long classes that preceded the vacation. By engaging with these worksheets, the girls were encouraged to continue learning and further enhance their knowledge and skills.

Moreover, as part of our commitment to their overall well-being, Veerni ensured the provision of sanitary napkins to the girls as they embarked on their summer vacations. This gesture aimed to prioritize their health and ensure that they have access to essential menstrual hygiene products even when away from the institute.

### **Land Purchased**

In March 2023, the Veerni Institute identified and purchased a piece of land. The legal process was completed in April 2023. The land is located in a safe and easily accessible area, conveniently close to our existing educational institutions. Its proximity to the main road makes it an ideal location for our project. The land spans an impressive area of 7,587 square meters, allowing us to accommodate the Veerni building along with essential facilities like classrooms, a garden, sports grounds, parking, and a recreation area. This was an extraordinary and historic moment for all of us and signifies a significant milestone in our journey.

## **Mrs. Jacqueline de Chollet Visits the Veerni Project and Inaugurates the Land for the Veerni Institute**

In April 2023, Mrs. Jacqueline de Chollet, the founder, and patron of the Veerni Project, made a special visit to the Veerni Project. She was eager to see the land that had been purchased for the Veerni Institute, a dream that she had nurtured for many years. She arrived on April 25 and stayed until April 30, 2023.

During her stay, she witnessed the various activities of the Veerni Institute and interacted with the Veerni girls and staff, who were delighted to meet her.

On April 26, a grand ceremony was held to inaugurate the land for the Veerni Institute. Mrs. Jacqueline was the chief guest of the event, which was attended by all the Veerni staff members, the board of Veerni Sansthan, and the Veerni girls. The main gate of the land was beautifully decorated and the Veerni girls welcomed Mrs. Jacqueline with flowers and smiles. Mrs. Jacqueline cut the ribbon at the gate and entered the land with joy and pride. Rev Manish Rao was also invited to bless the land and conduct a foundation laying ceremony, in which Mrs. Jacqueline and the rest of the Veerni staff participated. Mrs. Jacqueline expressed her happiness and gratitude for having a piece of land for the Veerni Institute and thanked everyone who had helped Veerni to achieve this milestone. A refreshment was served to all the guests who had gathered for the auspicious occasion. It was a memorable event that filled everyone's heart with hope and excitement for the future of Veerni. Mrs. Jacqueline's visit to the Veerni Project was full of meaningful engagements and interactions.

On April 27, she spent time with the girls at the Veerni Balika center, where she learned about their stories and aspirations. On April 28, she witnessed the sports activities at the Veerni Institute and met the sports teachers and matrons who were nurturing the girls' physical and mental well-being.

On April 29, she had a productive meeting with Mr. Mahendra Sharma, the Chief Functionary of the Veerni Sansthan. They discussed the Veerni Project's future plans and the Veerni building's construction, which would provide a safe and conducive environment for girls' education and empowerment.

During her visit, she also met with the architect several times and reviewed the building plans with him at his office. She departed on April 30, with a promise to come back soon and see the progress of the Veerni Project.

## **Conclusion**

The past quarter has been a busy and fruitful one for the Veerni Project. We have witnessed the achievements and progress of our Veerni girls in their annual examinations, as well as the successful admission of new students to the Veerni Institute. We have also made a strategic decision to associate school, which offers a conducive and supportive environment for our girls' education and development. We are grateful to our staff, partners, and supporters for their continued collaboration and assistance to the Veerni Project. As we look ahead to the next quarter, we are confident that our Veerni girls will continue to excel and thrive in their academic and personal endeavors. We hope that you will join us in celebrating their successes and supporting their dreams.
